

TULSA MAY SECURE U.S. ARMOR FACTORY

Secretary Douglas of Chamber of Commerce Has Made City's Claim.

WASHINGTON, Sept. 12.—Sites in 115 cities, including 42 in the south, had been offered to the government for the \$11,000,000 armor plant authorized in the naval appropriation bill, when Secretary Daniels began his hearings today. More than three hundred men composed the delegations which attended the first hearing.

Southern cities in the field for the armor plant include the following: Alabama—Tuscaloosa, Mobile, Birmingham, Gadsden; Georgia—Savannah; Kentucky—Fort Thomas, Mount Vernon, Wickliffe, Dover, Louisville, Middletown; Maryland—Baltimore, Annapolis, Pikesville; North Carolina—Newton, Gastonia, Fayetteville, Asheville, Southport, Breckard, Wilmington, Raleigh, Aberdeen; Oklahoma—Tulsa; Tennessee—Elizabethtown, Bristol; Texas—Fort Worth, Orange, Fort Arthur, Atlanta; Virginia—Richmond, Newport News, The River, Portsmouth, Roanoke, Bristol, Buena Vista, Norfolk, Petersburg, Hopewell, Alexandria.

When Secretary Douglas of the Tulsa Chamber of Commerce was informed, several weeks ago, that the war department would consider the claims of the cities seeking to secure an armor plant, he immediately secured all the data available, especially that bearing on the advantages of the adjacent mining district and of the cheap gas, and forwarded this to the department.

Colonel Douglas is confident that Tulsa will receive the due consideration of the authorities who are to select the armor site.

To Hear More Today.
WASHINGTON, Sept. 13.—Offers of sites for the projected \$11,000,000 armor plant are being heard today.

600 government armor plate plant were made to the navy department at hearing here today by more than one hundred cities and rural localities in the middle west and east. Others will be heard tomorrow.

No proposal for sale of private plants was presented, although representatives of the principal armor plate manufacturers were present. Naval officers said tonight they regarded it as unlikely that any would be offered and believed that the government would begin construction of its own plant when a satisfactory site had been selected.

Delegations, in many instances headed by state officials and congressmen, appeared to press the claims of the many cities.

The hearings were held in Secretary Daniels' office before the secretary, Assistant Secretary Roosevelt, Admiral Benson, chief of operations and members of the general board with whom rests the question of selection. Alabama delegations were first to appear and were followed by the other states in alphabetical order, until the hearing recessed tonight. Rhode Island cities will be the first considered tomorrow.

WYLA IS CONVICTED OF ROBBERY CHARGE

D. R. Boyer Probably Will Be Tried For Murder of Paul Rima Today.

William Wyla was convicted of robbery in the district court yesterday by a jury. Wyla was found guilty of breaking into a car and stealing a sack of flour. The jury found the defendant guilty but asked that Judge Crump impose sentence, which will probably be done this morning. The sentencing for the crime is two years in the state prison.

In arguing his case to the jury, Assistant County Attorney Ed Warren declared that the stealing of the flour was much less a crime than breaking the seal on a freight car. The jury remained out about three hours and the case was the only one tried yesterday.

The case of D. R. Boyer, charged with murder, had been set for yesterday, but illness prevented counsel for the defendant from appearing and it will probably be tried today.

Boyer is charged with killing Paul Rima early last spring. Rima was driving through the country with his family in a wagon and stopped to assist in recovering two horses that had drowned, from a culvert. He met Boyer and a fight ensued in which Boyer is said to have beaten him to death with a piece of a wagon.

DEVELOPMENT IS BLAMED

Attempt Made to Analyze Tendencies of Youth.

CHICAGO, Sept. 12.—A reduction of at least 50 per cent in delinquency, discovery that overdevelopment in physical characteristics is one of the chief reasons for the moral delinquency of young girls, are two interesting features of a report of a psychopathic research into the youth brought before Chicago's juvenile court. The report has just been compiled by Dr. William F. Floyd, director of the Psychopathic Institute of the juvenile court and his assistant, Augusta E. Bremer.

The report, however, is not satisfactory in other respects than the question of youth telling. It shows that crime among the young has increased as high as 13 per cent in certain fields among young boys and girls. There was a rise of 9 per cent in the number of juvenile burglars, 3 per cent in holding men and 13 per cent in moral offenses against women. There was also an increase of 11 per cent in truancy and the number of vagrants was 3 per cent larger.

An indication that home life is losing its interest is seen in the fact that 9 per cent more boys and 12 per cent more girls ran away. "The enticing loop calaret" is blamed by Doctor Healey for part of the increase.

WILL SPEAK AT CELEBRATION

Governor Has Been Asked to Take Part in Celebration.

Special to The World.
OKLAHOMA CITY, Sept. 13.—Governor Williams has accepted an invitation to address the people at Jefferson, in Grant county, next Saturday, on the occasion of the celebration of the opening of the Cherokee strip. United States Senator Gore will deliver an address the same day to the people of Perry, celebrating the same event. It is expected that the governor will make the keynote speech of the campaign to the people of the northern section of the state.

HOLD UP BIDDING ON FAIRGROUNDS

On Eve of Sale Some One Digs Up Statute Prohibiting the Sale.

Special to The World.
OKLAHOMA CITY, Sept. 13.—The school land commission this afternoon cancelled the advertisement under which the 160 acres embraced in the State fairgrounds would have been sold tomorrow to the fair association for \$15,000. Discovery was made that under a certain statute land that had assumed a value greater than usual outside of the city limits could not be sold as that of ordinary value in the country.

Country land could be sold for five per cent of the purchase price as cash and forty years to pay the balance. This was the advertisement under which this land was to be sold. The statute discovered provided that land of an unusual value must bring ten per cent of the purchase price and five years to pay the remainder. The attorney-general will be asked to render an opinion in the matter. In any event the land must be readvertised before it can be sold.

AGGIE SCHOOLS HAVE OPENED.

Prospects For Year in Six Districts Are Very Promising.

Special to The World.
OKLAHOMA CITY, Sept. 13.—All of the six district agricultural schools opened the new school year with record-breaking enrollments, according to reports that have reached the department of agriculture. It is said that in some of the schools more than 100 per cent of the capacity of the schools would have to be increased.

May Have Serbian Minister.

WASHINGTON, Sept. 13.—Negotiations are in progress between the United States and Serbia for the appointment of a Serbian minister to this country. Serbia never has had a legation in Washington, being represented only by a consul-general at New York. The American minister who represents the United States in Belgrade and Rumania also is accredited to Serbia.

Seeks Sheriff's Assistants.

Special to The World.
OKLAHOMA CITY, Sept. 13.—Governor Williams has offered a reward of \$200 for the capture of Frank Fields and Jim Cantrell, wanted in Latimer county for the shooting of Sheriff J. F. Lawrence, which occurred in Wister, Sunday night. The officer was attempting to arrest the two men when shot. He is said to be in a precarious condition.

SKIN TROUBLE COSTS MANY A MAN HIS JOB

No matter how efficient a man may be, if he has an ugly skin-eruption, there are positions in which he cannot be tolerated. He may know that it is not in the least contagious, but other people are afraid, they avoid him, and he must make way for a man with a clear, healthy skin. Why run this risk, when

Resinol
